

Croatian-Swiss Research Programme (CSRP)
“Severe Weather over the Alpine-Adriatic region in a Changing Climate (SWALDRIC)”
Project KickOff Meeting, Tuesday, June 4, 2019,
ETH Zentrum, CHN D48
-Agenda-

09:30-09:40	Welcome and Introduction (I) (Christoph Schär and Maja Telišman-Prtenjak)
	Project Participants Introduction
09:40-10:00	Overview of the SWALDRIC (Nikolina Ban)
10:00-10:20	Croatian Contribution to SWALDRIC (Maja Telišman-Prtenjak)
10:20-10:30	Presentation of PhD-A student (Damjan Jelić)
10:30-10:40	Presentation of PhD-B student (Barbara Malečić)
10:40-10:50	Presentation of PhD-C student (Ruoyi Cui)
10:50-11:00	Update on HAILCAST and LPI porting to GPU in COSMO (Raffael Aellig)
11:00-11:20	Coffee break (CHN D Lichthof)
11:20-11:30	Pseudo-Global Warming Approach (Roman Brogli)
11:30-11:50	Observations of hail in Switzerland (Olivia Romppainen Martius)
11:50-12:10	Swiss hail climatology (Conny Schwierz & Katharina Schroeer)
12:10-12:30	Observations of lightning and hail in Croatia (Nataša Strelec-Mahović)
12:30-12:40	Hail prevention using ICON (Saskia Drossaart van Dusseldorp)
12:40-14:00	Lunch Break (Dozentenfoyer - ETH HG)
14:00-16:50	Discussion on collaboration and further steps <ul style="list-style-type: none"> ● How to use the observations? ● Which model variables to output ● Case simulations - for Hailcast and LPI tuning ● Data exchange ● PhDs supervision and interactions ● Scientific and Financial Reports ● Further meetings ● ...
15:20-15:40	Coffee break (CHN D Lichthof)

16:50-17:00	Wrap-up and Goodbye (C. Schär)
18:30	Dinner (Moudi's Lecker Garten)
